**So, You
Think
You Can
Dance?**

Power Hour runs Monday - Thursday from 4:00 p.m.-5:00 p.m.

* Program Schedule Subject To Change

After Programs, Youth will have the opportunity to explore other options they enjoy. Some choices could be trivia and board game competitions, free draw and much more!

Every Friday, there will be a special activity or a fun National Holiday we are celebrating for all groups to participate in.

WINTER PROGRAMS 2024

Programs are included with the K-5 Afterschool Elementary Enrichment Program registration.

All Programs Will Run from 5:00 p.m. - 5:45 p.m. *unless otherwise noted.

Program Descriptions

Power Hour: This program helps our members achieve academic success by providing homework help, tutoring, and high-yield learning activities and encouraging members to become self-directed learners. Power Hour is offered Monday-Thursday from 4:00 p.m. to 5:00 p.m. The Club provides members with the space, time and assistance to complete their assignments. Members' participation is tracked for recognition through our Power Hour Incentive Program.

Healthy Habits

Healthy Habits is the "Mind" component of the Triple Play program. The Healthy Habits curricula focus on making choices that support a healthy eating pattern and physical wellness. This targeted program is made up of interactive practical activities that develop a young person's ability, confidence, and motivation to eat healthy for life.

Art Club

Here comes DaVinci! This club allows the youth to express themselves and explore their imagination in a warm, relaxed, and welcoming environment.

Khan Kids

This great program engages kids in core subjects like early literacy, reading, writing, language, and math, while encouraging creativity and building social-emotional skills.

Daily Challenge

The "Body" component of Triple Play promotes becoming more physically active through a variety of games, cooperative activities, and sports that develop a young person's ability, confidence and motivation to be physically fit.

So, You Think You Can Dance?

Show your dancing talent and creativity while learning new and old dances! We will dance to different music and use our creativity during each session.

STEM

Based on the idea of educating members in four specific disciplines: science, technology, engineering, and mathematics in an interdisciplinary and applied approach, kids will develop their problem-solving skills as well as collaborative work skills, and participate in hands-on experiments.

SMART Moves

Is a targeted program in BGCA's Health and Wellness core program area that supports Healthy Lifestyles. This program will help build the foundational social-emotional and health skills that will enable youth to make healthy decisions.

Music and Moves

In this program, members will build their literacy skills, explore the art of music while creating their own sense of music through storytelling. Youth will learn about different music genres and instruments.
